Clinicians - if you need to consult with a pediatric radiologist and you are in the WakeMed system, we recommend you utilize "Rapid Connect" search "ped rad" and choose: "Raleigh Radiology-Pediatric On Call". A pediatric radiologist is on call 24/7.

*** Onsite Pediatric Radiologist required** **** These exams can be performed at all sites, but may benefit from being done with a pediatric radiologist onsite. Check the box if you would like the exam scheduled with a pediatric radiologist onsite.**

PREPARING FOR YOUR CHILD'S RADIOLOGY EXAM

Your child's physician has referred you to Raleigh Radiology's Pediatric Imaging department. We look forward to caring for your child and ask that you follow the instructions in preparation for your child's procedure. If you have any concerns or questions, call our dedicated pediatric scheduling line at 919-322-4538.

SEDATION

Raleigh Radiology wants the best care for your child. Sedating a pediatric patient in an outpatient setting is not preferred. If you feel your child will need sedation to get through their CT or MRI scans, we will refer you to WakeMed where one of our pediatric radiologists is onsite and your child can be monitored appropriately.

ULTRASOUND

Abdomen - Nothing to eat or drink (NPO) for:
2 hours if infants less than 2 years of age
3-4 hours if 2-5 years of age
6 hours if older than 5 years of age

Appendix, Intussusception, Neonatal Head, Hip or Spine - No Prep

Renal - Full bladder (if older than 3 yo)

Pylorus Ultrasound - Please note time of last feed. Bring an empty bottle.

FLUOROSCOPY

Esophogram/Barium Swallow

Infants (0-2 years of age): NPO for 3 hours
Children older than 2: NPO for 4 hours

Upper GI (UGI) and Small Bowel Follow Through

Infants (0-2 years of age): NPO for 3 hours
Children older than 2: NPO for 4 hours

Barium Enema

Infants (0-2 years of age) and any child referred for constipation or to rule out Hirschsprung's disease: No prep.
All other indications, please call our office to have the Pediatric Radiologist provide a specific prep.

CT

Abdomen & Pelvis - No Prep

CT Enterography - Nothing to eat or drink 4 hours prior to exam. Once the patient arrives, they will be given Volumen contrast to drink at various intervals.

MRI

Children under 6 yrs old most likely will need sedation - this can be done at WakeMed where a pediatric radiologist is onsite. The MRI machine is always on, generating a powerful magnetic field. Certain metallic devices and objects when in close proximity to the magnet may pose a significant safety hazard or affect the quality of the study.

MRI PATIENT SAFETY QUESTIONS

Please answer the following questions on behalf of the patient AND accompanying parent/guardian:

Yes No

- | | | | |
|---|---|---|--|
| <input type="checkbox"/> <input type="checkbox"/> | Cardiac defibrillator, pacemaker | <input type="checkbox"/> <input type="checkbox"/> | Prosthesis (ie. Eye, limb) |
| <input type="checkbox"/> <input type="checkbox"/> | Cochlear implant | <input type="checkbox"/> <input type="checkbox"/> | Bullet, BB, shrapnel |
| <input type="checkbox"/> <input type="checkbox"/> | Nerve stimulator | <input type="checkbox"/> <input type="checkbox"/> | Medicated skin patches |
| <input type="checkbox"/> <input type="checkbox"/> | Shunt, coils, clips, stents | <input type="checkbox"/> <input type="checkbox"/> | Tattoos |
| <input type="checkbox"/> <input type="checkbox"/> | Other implanted medical device (ie. infusion pump, heart valve, etc.) | <input type="checkbox"/> <input type="checkbox"/> | Body piercings |
| | If yes, provide the name of the device and the date of the placement | <input type="checkbox"/> <input type="checkbox"/> | Do you work with metal, or have had an eye injury involving a metal fragment? |
| | _____ | <input type="checkbox"/> <input type="checkbox"/> | Have you ever had surgery or an invasive procedure? If yes, please provide the date and type of surgery/procedure. _____ |

For females of childbearing age:

- | | | | |
|---|--|---|---------------------|
| <input type="checkbox"/> <input type="checkbox"/> | Is there any chance you may be pregnant? | <input type="checkbox"/> <input type="checkbox"/> | Do you have an IUD? |
|---|--|---|---------------------|

The following are to be answered on behalf of the patient ONLY.

- | | | | |
|---|---------------------------------------|---|--|
| <input type="checkbox"/> <input type="checkbox"/> | Do you have kidney failure? | <input type="checkbox"/> <input type="checkbox"/> | Was sedation necessary? |
| <input type="checkbox"/> <input type="checkbox"/> | Have you ever had an MRI? | <input type="checkbox"/> <input type="checkbox"/> | Have you had an allergic reaction to MRI contrast? |
| | If Yes, please specify the following: | <input type="checkbox"/> <input type="checkbox"/> | Do you feel anxious in small spaces? |
| | Reason for MRI: _____ | <input type="checkbox"/> <input type="checkbox"/> | Do you require a wheelchair? |
| | Location: _____ | | Current weight: _____ |

Please bring a list of all medications

Our Pediatric Radiologists provide sub-specialty reads at all locations.
